

LED Side Lights

*This image for reference only

Technical Specification

Parameters	Specifications
Name	LED Side Lights
Light power	2~3W
Working Current	≤0.25A
Outside cover material	Polycarbonate
Light size	86~133 x 28 x 10 mm
Working voltage	DC 12V
Light Source	0.5W LED
Bottom	Gasket
Ambient temperature	-40°C~+55°C
Lighting setting	4pcs LED or 6pcs LED inside
Casing	Engineering plastic polycarbonate
Injection molding	Imported dye (First hand)
Impact resistance.	Waterproof and dustproof.
Color:	Red / Blue / Half red + half blue / Amber / White.

*Subject to change without Prior Notice
