

## Light bars with PA controller

\*This image for reference only

### Technical Specification

Parameters	Specifications
Name	Light Bar with PA controller
Light power	45W
Working Current	≤8.3A
Outside cover material	Polycarbonate
Light structure	with inside speaker
Lamp color	Blue Red Amber White
Outside cover	Blue Red Amber Clean
Light size	1200x300x200 mm
Working voltage	DC 12V
Light Source	0.5W LED
Bottom	Alloy
Gross Weight	15Kgs
Net weight	12Kgs
Ambient temperature	-40°C~+55°C
Packing Size	122x32x23cm
Casing	Engineering plastic polycarbonate, from Bayer (Germany) and stainless steel
Injection molding	Imported dye (First hand)
Surface coating	Strengthen the process, without color fading. Anti-scratch
Impact resistance	Light bar is waterproof and dustproof.
Support base	Hard Aluminum alloy.
Lighting setting	8pcs 42-LED and 2 12-led modules inside
Speaker and Siren	Yes
